PR000260: Google Cloud Certified - Associate Cloud Engineer

Online exam policies

By checking the boxes below, you agree to each term as described. To take this exam in an online environment, please agree to the following terms and conditions.

☒ By accessing this website you understand and agree to the terms set forth in this Candidate Agreement ("Agreement"). This Agreement is entered into by and between you as a test taker, Pearson VUE, a business of NCS Pearson, Inc., and your testing program owner ("Test Sponsor"). This Agreement represents your understanding and acceptance of Pearson VUE's [Privacy and Cookies Policy](#) ("Privacy Policy"), [Terms and Conditions](#), and use of cookies to support your testing experience. You also understand, acknowledge and agree that the testing program sponsor has its own, possibly different, privacy policy.

OnVUE Data Processing

☒ By providing your personal information, as described in our [Privacy and Cookies Policy](#), you acknowledge and agree to the video and audio recording of your entire testing session and you agree to the processing of such personal information and test data by Pearson VUE and to the transfer of such data to Pearson VUE's hub server, located in the USA, as the data processor, its authorized third parties, if any, both in the capacity as data processors for the processing of your personal

information and test data on behalf of the testing program sponsor, as the data controller, located in the USA or elsewhere. Pearson VUE and other data processing entities, if any, are the recipients of your personal information and test data; however, Pearson VUE will enter into reasonable data transfer agreements with such entities for the purpose of communicating and following the instructions of your testing program sponsor and for establishing reasonable security measures to protect the confidentiality and integrity of your personal information and test data.

☒ If you choose to take the test through our online-proctoring platform, which is not mandatory in the event that there are other ways of taking the test as determined by the testing program sponsor, you and your computer will be monitored during your entire testing session in real time so that your face, voice, desk, and workspace will be captured and possibly recorded for the purposes of test quality, test security, and the integrity of the testing process. You understand, acknowledge and agree that you will be monitored at your location through audio, technology and video means so all activity at your location will be detectable by test proctors. By accessing this website you signify your acknowledgement and agreement that any inappropriate or wrongful conduct, as determined in Pearson VUE's or the test proctor's sole discretion, witnessed while monitoring your testing session will be reported by Pearson VUE to the testing program sponsor and may also be reported to the appropriate governmental authorities, including, but not limited to, any law enforcement officials.

Third Party Prohibition

☒ By accessing this website you signify that you understand, acknowledge and agree that if any third party is: **1) detected as being present in your physical location, whether visible or not; or 2) overheard in any manner, whether physically detected through movement and making of noise or through sounds irrespective of whether they are in your current location or not during your testing session, the test will be terminated and you will not receive any score.**

Further, you understand, acknowledge and agree that if your testing session is terminated for this or any other reason **you will not receive a test fee refund, credit or voucher.**

Limited License

☒ You acknowledge that Pearson VUE is granting you a limited license to access and make personal use of its Online Proctored Application (OnVUE) only for the duration of your testing session. Further you acknowledge that OnVUE may not be reproduced, duplicated, copied, take a picture of, downloaded (other than page caching), sold, resold, visited, or otherwise exploited for any commercial purpose without the express written consent of Pearson VUE. You also agree to use OnVUE only for lawful purposes and agree not to use OnVUE in any manner that might interfere with the rights of others.

Facial Comparison Policy

☒ You understand and agree that Pearson VUE may use facial comparison technology for the purpose of verifying your identity during the testing process. It will compare your facial image to the one on your identification and to facial images captured during the testing process and help us further develop, upgrade, and improve this application. For questions about our use of facial comparison technology, please refer to our [Responsible AI at Pearson VUE promise](#). If you do not agree to the use of facial comparison technology during your testing session, do not accept this term. You will not be able to complete your registration online. Instead, please call the Pearson VUE call center to complete your registration.

Testing Space Verification Policy

☒ You understand and agree that you will be required to take photos of your testing space during the check-in process of your online proctored exam and provide them to the Pearson VUE

proctor for purposes of fraud prevention and enforcing academic honesty. We recommend using a mobile device.

Google Cloud Policies

Admission Policy

~ Before Test Day ~

Thank you for considering OnVUE! Now read on to learn about the requirements and rules. It's important because if you fail to comply on exam day, your exam could be revoked without warning, and you could forfeit your exam fee.

Before taking your exam, you must complete a system test using the same equipment and network you will test on.

If you don't think OnVUE is the right choice for you, please consider booking at one of our test centers instead.

Technical Requirements

To test with OnVUE, you must provide a suitable device and network to test with, including:

- A computer running Windows 10, MacOS 13, or higher. Virtual machines and beta versions are not allowed.
- A webcam, microphone, and speaker. Do not use phones, tablets, or wearable devices such as headphones, earbuds, and watches.
- One display screen only. Secondary displays must be disconnected, and touch screens are not permitted.
- A consistent 6 Mbps down/up internet speed. Do not use corporate networks to test; VPNs are prohibited.
- An ability to close all other running applications except for OnVUE.

Restart your computer just before you begin check-in. This helps to ensure there are enough resources to stream and record video throughout your test.

Admission Rules

To be admitted into an OnVUE exam, you must prepare a testing environment that meets strict test conditions:

- You will need to ensure that you can remain alone, quiet, comfortable, and free from distraction. Do not test in public spaces such as offices, libraries, and schools.
- Ensure there are no uncovered windows, doorways or partitions that might allow someone else to see your exam, even from a distance.
- Your testing environment must be tidy and free from electronics, clutter, paper materials, and writing utensils, unless explicitly allowed for testing.
- You can bring a drink, gum, and other Approved Comfort Aids. All other food and smoking products are not permitted.
- You must remain fully clothed throughout your exam, but you cannot wear a coat, wristwatch, sunglasses, headphones or headsets.

When you check in for your exam, you will also need to confirm your identity:

- Bring a valid, government-issued photo ID matching the name on your booking exactly. We accept:
 - International travel passport
 - Driver's license
 - Identification card (national, state, or province ID card)
 - Alien registration card (green card or permanent resident/visa)
 - Certain types of Aadhaar card. See [Aadhaar ID Policy](#) for OnVUE.
- We cannot accept IDs that are digital, copied, paper-based, or restricted by law, including:
 - U.S. Department of Defense (DoD) Common Access Card (CAC) or certain secure access IDs
 - IDs from countries where OnVUE delivery is restricted: Cuba, Iran, North Korea, Sudan, Syrian Arab Republic (Syria), Russia, Belarus, and certain regions of Ukraine (Donetsk, Luhansk, Sevastopol, Crimea).

* Some test sponsors allow the use of other items or provide other allowances (such as breaks) during OnVUE exams. [Click here to learn about your test sponsor's policies and other procedures.](#)

Testing rules

You will be under strict test conditions when testing with OnVUE. Failure to comply can result in your test being revoked without warning and forfeiture of your test fee.

- Cheating or allowing someone else to take your exam for you is forbidden.
- Do not record, share or allow others to see your exam, even if you face issues.
- Do not leave the webcam view unless on an approved break.
- Remain quiet unless instructed by your exam or proctor.
- Do not access your phone unless you have permission from your proctor.

Your session will be recorded for training, quality and security purposes.

Your proctor may contact you during your exam if you need to follow further instructions and are available should you require assistance from them. However, you are responsible for your device, network, and environment; our proctors cannot pause or add more time to your exam, nor can they troubleshoot technical issues.

~ ON TEST DAY ~

Technology Checks

1. Restart your computer to ensure there are enough resources to run the exam.
2. Use a hardwired connection to your router and disconnect from any VPNs. Where Wi-Fi is your only option, sit as close to your router as possible. Remind others not to download large files or stream video, because it can cause connection issues that prevent you from testing.
3. If you are using a laptop, plug into a power outlet. You will not be permitted to leave the webcam view to plug in your laptop during your exam. Unplug all but the single display you are going to test on. If you are using a laptop with an

external display, close your laptop so that only one display is active.

Environment checks

1. Ensure that you can remain alone, quiet, and free from distraction.
2. Cover any windows, doorways or partitions that might allow someone else to see your exam, even from a distance.
3. Tidy your environment by disconnecting or removing all other electronics, clutter, paper materials, and writing utensils that are not explicitly allowed for testing.

Readiness checks

1. Visit the bathroom before opening the OnVUE application. You are not permitted to leave the webcam view unless on an approved break.
2. Adjust lighting, climate, and seating for comfort. Remotes used to control these are not allowed within your testing environment.
3. Ensure you have any drink, gum, or other approved comfort aids and have removed any coats, wristwatches, sunglasses, headphones, and earbuds.

Ensure you have an acceptable form of ID for check in.

Reschedule Policy

If you need to reschedule your appointment, be sure to do it as soon as possible before your appointment. If you do not reschedule your appointment before the scheduled appointment time, you will forfeit your exam fee.

Cancellation Policy

If you need to cancel your appointment, be sure to do it as soon as possible before your appointment. If you do not cancel your appointment before the scheduled appointment time, you will forfeit your exam fee.

Additional Information

By redeeming a coupon/voucher code as a form of payment, you hereby permit Google to share your Exam Information with the administrator/purchaser/organization that provided you the code.

By continuing, you acknowledge and agree to Program terms found at <https://cloud.google.com/certification/terms>.

To view, cancel or reschedule this exam appointment, login to your [CM Connect account](#), and click the edit icon next to the Upcoming Appointment found on your dashboard. You may also access these options from the Upcoming Appointments section of the Exam Scheduling page.

Important Information for Candidates with Passports from U.S. Sanctioned Countries:

If you hold a passport from a U.S. sanctioned country but currently reside in a non-sanctioned country, you are still eligible to take your exam. However, due to regulatory requirements, online testing via OnVUE is **not** available using your sanctioned country's passport.

To take your exam, you must choose one of the following options:

- **Test Online (OnVUE):** You must present an [approved ID](#) issued by the non-sanctioned country where you currently live.
- **Test in Person:** You may use your current passport from the sanctioned country, but you **must** schedule and take your exam at a physical Pearson VUE test center.
